PKG. von 5	Nur komplette Verpackung
------------	-----------------------------

Technische Parameter

Durchmesser	M42
Antriebsart	Hexagon
Material	Stahl
Gewinderichtung	Rechts
Oberfläche	Feuerverzinkt
Gewinde	Metrisches Gewinde

Standards

Info	ISO metric hot dip galvanized nuts are manufactured with thread tolerance class 6H and mate with externally threaded parts (bolts, threaded rods) that are manufactured with thread tolerance class 6az before coating. As the nut thread is tapped after galvanizing the threads are not coated. The corrosion resistance however is not influenced disadvantageously as the thread will be protected by the zinc
