

KIPP Cam-action indexing plungers without nut Steel 5.8, hardened pin Black oxide M12X5

Article number	58634.120.005
Brand	-
UBB	500689897014
UNSPSC	31162807
EAN	4059245017799
PKG. of 4	Full Box Only

Technical Parameters

Class	5.8
D1_MM	12mm
Material	Steel
Surface treatment	Black Oxide
Thread	Metric thread

Info	Material: Steel grade 5.8.Version: Black oxidized. Pin hardened and ground.Note: Cam-action indexing plungers are used when the indexing pin should not project all the time. Turning the handle through 180° pulls in the pin. A notch ensures that the handle remains in this position.
