

**KIPP Cam-action indexing plungers without nut Steel 5.8, hardened pin Black oxide M16X6**

Article number	58634.160.006
Brand	-
UBB	500689897352
UNSPSC	31162807
EAN	4059245017850
PKG. of 3	Full Box Only

**Technical Parameters**

Class	5.8
D1_MM	16mm
Material	Steel
Surface treatment	Black Oxide
Thread	Metric thread

Info	Material: Steel grade 5.8.Version: Black oxidized. Pin hardened and ground.Note: Cam-action indexing plungers are used when the indexing pin should not project all the time. Turning the handle through 180° pulls in the pin. A notch ensures that the handle remains in this position.
