

**KIPP Cam-action indexing plungers without nut
Stainless steel 1.4305, pin not hardened M12X8**

Article number	58707.120.008
Brand	-
UBB	500690029425
UNSPSC	31162807
EAN	4059245019076
PKG. of 3	Full Box Only

Technical Parameters

D1_MM	12mm
Material	Stainless steel
Material technical	1.4305
Thread	Metric thread
Info	Material: Stainless steel 1.4305.Version: Bright. Pin ground, not hardened.Note: Cam-action indexing plungers are used when the indexing pin should not project all the time. Turning the handle through 180° pulls in the pin. A notch ensures that the handle remains in this position.
