

## 15-19

|               |                               |
|---------------|-------------------------------|
| Artikelnummer | 79421FIS                      |
| Merk          | -                             |
| UBB           | 500616847470                  |
| UNSPSC        | 31162905                      |
| EAN           | 4006209794210                 |
| PKG. van 100  | Alleen volledige verpakkingen |

### Technische parameters

|      |                                                           |
|------|-----------------------------------------------------------|
| Info | F max = Maximum recommended static load (centr. tension). |
|------|-----------------------------------------------------------|
